The internationally recognized **Ergo Cup®** competition provides an exciting opportunity for companies to highlight their successful ergonomic solutions. The general theme across all **Ergo Cup®** categories is innovation. Innovation is defined as "A new device or process created by study and experimentation".

There are five Ergo Cup® Categories (Team-driven workplace solutions, Team-driven workplace solutions – Ergo Cup internal competition, Engineering/ergonomist-driven workplace solutions, Engineering/ergonomist-driven workplace solutions - Ergo Cup internal competition, and Ergonomics Program Improvement Initiatives).

In 2015 we had international Ergo Cup® teams from Canada, Poland, Turkey, England, China, and Mexico.
